TO TAKE NEWCHWANG

JAPANESE EXPECT TO CAPTURE THE CITY IN SEVEN DAYS FROM LAND SIDE.

DETACHMENT IS WIPED OUT

OVER FIFTY JAPANESE ARE AMBUSHED BY COSSACKS AND ALL ANNIHILATED.

Shanghai, March 31.—The Japanese expect to capture Newchwang from the land side within seven days. But few Russians are at Mukden now. Many are in the Liaoyang district. The latest reports from northern Korea state the Japanese troops, advancing in triple formation, have reached the Pakchon river above Anju. Russians, apparently in some force, still occupy a position north of Pakchon. Japanese returning south state that fifty-three Japanese infantry attempting to advance north of the river were ambushed by Cossack cavalry and destroyed. The Japanese advance occupied Haiju, a seaport south of Anju, on March 27.

PARTIALLY SUCCESSFUL.

Japanese Attempt to Bottle Up Port Arthur.

Washington, March 31.—Information has been received here from Tokyo, under date of March 30, to this effect:

"The Japanese fleet has been successful in the attempt partially to close the channel of Port Arthur. Four Japanese merchant vessels, escorted by twelve destroyers and six first-class torpedo boats, arrived at 3 a. m. March 27. The Japanese merchant vessels successfully entered the channel inside the lighthouse. Two were destroyed, sunk by Russian destroyers, two of them by own explosives. Loss in killed, two officers, two men. Loss in wounded, one officer, eight men. No casualties to Japanese torpedo vessels. Very small gap in channel."

In view of the information received it is believed here that it will be difficult for the Russian ships to pass the channel should the cablegram from Tokyo prove to be accurate.

CORRESPONDENTS RESTRICTED.

All Dispatches Must Be Sent to Tokyo by Mail.

London, March 31.—The Daily Telegraph says the Japanese authorities have refused correspondents the use of the field telegraph lines and that all dispatches must be sent to Tokyo by mail. The paper further says that there is no sign that any foreigners will be permitted to go to the front, though the native newspapermen will be allowed to do so.

The Daily Telegraph, in an editorial on the unprecedented severity of this censorship, suggests that Japan has some new and important move to conceal, possibly the re-embarkation of a portion of her forces already in Korea, for some other point in the theater of war, and is anxious to guard against the possibility of leakage through foreign correspondents, who might sympathize with Russia.

RUSSIANS ARE RETREATING.

Evacuating the Positions They Occupy in Korea.

London, March 31.—A correspondent of the Daily Telegraph at Seoul reports that the Russians are evacuating the positions they occupy in Korea. Specials from Shanghai repeat the rumor that the mikado will shortly proceed to Korea with the headquarters staff.

The Seoul correspondent of the Daily Mail describes Korea, outside the districts occupied by the Japanese, as being in a state of anarchy and in readiness for rebellion. The correspondent asserts that the censorship prevents any reference to local disturbances.

TO ACCOMMODATE BATTLESHIPS.

Russian Professor Completes Plans for Drydocks.

St. Petersburg, March 31.—Professor Ziminoff has completed plans for drydocks for the accommodation of battleships which are capable of being rapidly constructed. The plans will be sent to Viceroy Alexieff for his sanction.

Boilers are being installed in the Jemtschug and the Izumrud, which are now building at the Nevsky works, and the authorities expect that in a few weeks they will be able to remove these ships to Cronstadt, where they will receive their armament.

MAKAROFF ON THE ALERT.

Sleeps With His Clothes on to Be Ready for an Emergency.

Cronstadt, March 31.—The president of the War Relief society has received a cablegram from Vice Admiral Makaroff dated at Port Arthur March 29, which says:

"Last night was a very hot one, but we cannot hope for a very quiet time either now or in the near future. I sleep without undressing, in order that I may be ready for an emergency. Consequently I cannot observe your medical advice to take care of myself; nevertheless I feel splendid."

RUSSIAN FORCE TRAPPED.

Rumored Japs Have Body of the Enemy Cut Off.

Chefoo, March 31.—Reports received here from the front say that the Japanese have defeated a combined force of Russian infantry and Cossack cavalry.

The battle took place near Chongju, where a Cossack band was defeated by the Japanese a few days before. It is stated that in this second battle the entire Russian force was driven southward toward the Chongchong river with heavy loss and is now surrounded on every side.

If it is true, as reported, that the retreat was through the Kusan valley, there is little hope that any of the Russian forces will escape to Manchuria. The Japanese have possession of the road northeast at Kusong and with a superior force can close in on the enemy.

CONCLUDES ITS WORK.

Special Japanese Diet Makes Provision for Carrying on the War.

Tokio, March 31.—The special diet concluded its labors during the day, finally passing the series of war tax and financial measures proposed by the government.

Almost the entire financial programme submitted by the cabinet was approved, although several changes were made.

The amount to be raised annually by special taxation was reduced from \$34,000,000 to \$31,000,000. The government plans to make up the deficit thereby created in the estimates by cutting down the administrative expenses.

Another change in the programme was the refusal to sanction the creation of a salt monopoly.

RUSSIANS LOOK FOR MINES.

Fail to Find Them Under Vladivostok Batteries.

Vladivostok, March 31.—In order to allay the apprehension of the people, the authorities have instituted a search for mines alleged to have been planted by the Japanese which were to be exploded at an opportune moment. Borings have been made in the mountain upon which is located the "No Name" battery, but nothing suspicious was found.

BACK AT VLADIVOSTOK.

Captain Reitzenstein's Squadron Returns to Port.

Paris, March 31.—According to the St. Petersburg correspondent of the Echo de Paris it is not denied in Russian official quarters that Captain Reitzenstein's Vladivostok squadron has returned to port, but the officials ignore the statement that the squadron has captured any Japanese warships or trading vessels.

Kuropatkin at Liaoyang.

St. Petersburg, March 31.—General Kuropatkin is now at Liaoyang. Vice Admiral Togo's report upon his failure to bottle up Port Arthur creates considerable amusement here.

REPORT CLAIMS MURDER.

Medical Examiner's Opinion of the Brown Tragedy.

Boston, March 31.—Dr. F. W. Draper, medical examiner for Suffolk county, Wednesday made an autopsy on the bodies of Mr. and Mrs. Frank A. Brown of Rosindale, who died from bullet wounds on Saturday. At the time of the tragedy it was the generally accepted theory that Brown had killed his wife and then taken his own life.

Dr. Draper's report, which will be filed in the district attorney's office, states that in his opinion both Brown and his wife were murdered.

On Monday the police arrested and held on suspicion of murder pending the report on the autopsy, Willis H. Wilson, the son of Mrs. Brown by a former marriage. Wilson was the only witness of the tragedy, and in his story to the police on Saturday he said Brown killed Mrs. Brown and then committed suicide.

Brown was an artist and photographer and came east from Minneapolis.

INUNDATED FOR MILES.

Black River in Missouri Overflowing Vast Stretch of Country.

Piedmont, Mo., March 31.—Black river has steadily risen during the day until it reaches 22 feet, which is five feet higher than any previous record. The country is inundated for miles, farmhouses have been floated from their foundations and thousands of feet of lumber have been destroyed. It is reported that Rodney Malloy and his wife and James Mangin, his hired man, living four miles from here, have been drowned. The Malloy home has been washed away.

A wave six feet high struck a freight train near Leeper, threw the train and engine from the track and almost drowned the crew before they could swim to safety.

The village of Mill Spring is flooded. Many of the inhabitants are living on their house-tops and others succeeded in escaping to the hills.

RUSSIAN POLICE APOLOGIZE.

American Flag Again Floats Over the Correspondents' Mess.

London, March 31.—A correspondent of the Times at Newchwang, cabling Wednesday, says:

"The Russian police have apologized and have rehoisted the United States flag over the correspondents' mess."

Koreans Becoming Riotous.

Seoul, March 31.—It is reported that 500 disbanded Korean soldiers near Pingyang are becoming riotous.

IMPOSES HEAVY FINE

MONTANA COURT ASSESSES MR.

HEINZE TWENTY THOUSAND

FOR CONTEMPT.

MUST PAY OR GO TO PRISON

TWO OTHER COUNTS ALSO KEEP

A JAIL SENTENCE OVER MON-

TANA MAGNATE.

Butte, Mont., March 31.—F. Augustus Heinze, the Montana copper magnate, A. L. Frank, superintendent of the Johnstown Mining company, and J. H. Terrie, superintendent of the Rarus mine, Heinze properties, were found guilty of contempt of court by Judge Beatty in the United States court Wednesday in the action brought by the Butte and Boston Mining company against the defendants for entering the Michael Davitt lode claim and extracting therefrom valuable ore on what is known as the Ennargite vein. Mr. Heinze was fined \$20,000, while Frank and Terrie were fined \$1,000 each, the fines to be paid today (Thursday), or the defendants to be taken to Helena in custody of the United States marshal and confined until the fines are paid. Carlos Warfield, another defendant, was found not guilty and discharged.

The judgment applies only to the first count against the defendants. Judge Beatty's reservation of decision on the two of the three counts on which Mr. Heinze was charged with contempt in disobeying a former order of the court, that an inspection of the Heinze mines be allowed in order to permit of the survey of certain ore veins, has the effect of keeping an imprisonment sentence hanging over Mr. Heinze.

Judge Beatty announced, however, that no imprisonment order will be issued if the fine is paid and if there is no further violation of the court's order. But any infraction of the court's order for a permanent inspection board of the mines, will, he says, be severely punished. It is not thought that the decision will have the effect of closing down any mine or throwing any men out of work.

Litigation of Four Years' Standing.

The litigation which resulted in F. Augustus Heinze being fined Wednesday is of four years' standing and is over the Michael Davitt claim, adjoining both the Rarus mine, operated by Mr. Heinze, and the Pennsylvania, owned by the Amalgamated Copper company.

In the latter part of 1898 the claim was put under injunction by Judge Knowles of the United States district court, both parties to the suit being enjoined pending decision as to title, which decision is still pending. Up to June of last year, both parties observed the injunction. Later the Heinze concern, owning the Rarus mine, began to mine the claim in open violation of the court's injunction. Federal inspectors appointed by Judge Knowles were refused admittance to the Rarus mine, whence they wished to get into the Davitt, even when guided by United States Marshal Lloyd. Then circuit judges called in Judge Beatty to decide whether or not the orders of the federal court had been violated.

Three weeks ago Mr. Heinze, Terrie and Frank were arrested by Marshal Lloyd, on Judge Knowles' order, after they had refused the marshal and federal inspectors admittance to the mine. They were allowed to go on parole until Judge Beatty could get here.

After the action of the court Wednesday, representatives of Heinze and the Amalgamated Copper company held a conference and an attempt was made to agree upon a board of inspectors.

The text of the decision shows that the fine is practically a deposit pending final adjudication of the ore bodies in controversy.

SITUATION VERY GRAVE.

Operators of Illinois May Shut Down Their Mines.

Springfield, Ill., March 31.—The prospect for the closing of all the coal mines in Illinois now seems grave. The joint state convention that all the important differentials in the state had been adjusted, with the exception of the first, or Northern third vein district of Illinois, and the new mines in Saline and Franklin counties. A motion to leave the settlement to the operators and miners of the district affected was defeated.

River Falling at Saginaw.

Saginaw, Mich., March 31.—The flood situation here is somewhat improved, the river gauges showing a decreased water level of from one to four inches. In the business district of the city the water dropped in proportion during the night, but business is still at a standstill and the retail trade is as demoralized as before.

England's King in Copenhagen.

Copenhagen, March 31.—King Edward and Queen Alexandra arrived here Wednesday to attend a family gathering on the occasion of King Christian's eighty-sixth birthday. They drove to the palace, enthusiastically greeted by great crowds of people lining the route.

...Special... EASTER SALE

Wednesday and all This Week.

20 Doz. LADIES' KID GLOVES in all the new shades Two Styles and sold everywhere at \$1.00 and \$1.25, your choice this week per pair

75 cents.

Every day brings New Goods and a complete line of Novelties will be shown.

A.E. MOBERG,
Dry Goods, Clothing and Shoes,

516-518 Front St. Brainerd, Minn.

FOUR JURORS BRIBED.

Alleged to Have Been Influenced to Favor Mrs. Botkin.

San Francisco, March 31.—Acting upon information that four jurors had been bribed to favor the prisoner, Mrs. Cordelia Botkin, Judge Cook ordered the jury into custody of the sheriff until today, when he will begin the impaneling of a new one. When the denouement came in court Wednesday Mrs. Botkin's attorney made a passionate speech, disclaiming that Mrs. Botkin or any one connected with her case was implicated. A brief investigation was held by Judge Cook after the jury left the room.

Chief of Police Wittman testified that one of the jurors had followed him to his office after the noon adjournment Tuesday and said that on the previous evening a stranger had called and said: "We have secured four jurors for the defense, and want a fifth. We will give you \$50." Continuing, the chief of police said that when the juror left the courtroom Tuesday afternoon he was shadowed by a detective who saw him secretly meet a woman, with whom he talked for several minutes.

LARGE FLEET ASSEMBLED.

Greatest Naval Force in Time of Peace at Pensacola, Fla.

Pensacola, Fla., March 31.—With the arrival here of the gunboats Newport and Castine from Colon, the largest fleet of United States warships ever assembled in time of peace is gathered here. The combined fleet engaged in target practice includes more than thirty-four vessels of various classes, the battleship Alabama has established a new world's record for rapidity and accuracy in firing all classes of her guns. She came into port after a week spent at the target range; and her officers report that her record is much better than that of the Kearsarge, made last week.

Asked for a Life Sentence.

Los Angeles, Cal., March 31.—J. Overholzer, aged sixty-four years, a former member of the Iowa legislature, was sentenced Wednesday to serve two years in state prison for forgery. Overholzer requested the court to change the sentence to life imprisonment.

Millinery Opening

The Ladies of Brainerd are cordially invited to attend our Millinery Opening which we will hold on,

Thursday, Friday and Saturday.

We will be pleased to show you the latest styles in Spring Millinery, and our prices will be the lowest in the city. We have engaged the services of an expert trimmer, and if you want your hat trimmed over we can surely please you. Hoping you will favor us with your presence, we remain respectfully yours,

Mrs. B. Kaatz & Son.

TO TAKE NEWCHWANG

JAPANESE EXPECT TO CAPTURE
THE CITY IN SEVEN DAYS
FROM LAND SIDE.

DETACHMENT IS WIPED OUT

OVER FIFTY JAPANESE ARE AB-
DUSHED BY COSSACKS AND
ALL ANNIHILATED.

Shanghai, March 31.—The Jap-
anese expect to capture Newchwang
from the land side within seven days.
But few Russians are at Mukden now.
Many are in the Liaoyang district.
The latest reports from Northern
Korea state the Japanese troops, ad-
vancing in triple formation, have
reached the Pakchon river above An-
ju. Russians, apparently in some
force, still occupy a position north of
Pakchon.
Japanese returning south state that
fifty-three Japanese infantry attempt-
ing to advance north of the river were
ambushed by Cossack cavalry and de-
stroyed. The Japanese advance oc-
cupied Haiju, a seaport south of Anju,
on March 27.

PARTIALLY SUCCESSFUL.

Japanese Attempt to Bottle Up Port

Arthur.

Washington, March 31.—Informa-
tion has been received here from To-
kyo under date of March 30, to this
effect:
"The Japanese fleet has been suc-
cessful in the attempt partially to
close the channel of Port Arthur. Four
Japanese merchant vessels, escorted
by twelve destroyers and six first-
class torpedo boats, arrived at 3 a. m.
March 27. The Japanese merchant ves-
sels successfully entered the channel
inside the lighthouse. Two were de-
stroyed, sunk by Russian destroyers,
two of them by own explosives. Loss
in killed, two officers, eight men. Loss
in wounded, one officer, eight men. No
casualties to Japanese torpedo vessels.
Very small gap in channel."
In view of the information received
it is believed here that it will be dif-
ficult for the Russian ships to pass the
channel should the cablegram from
Tokyo prove to be accurate.

CORRESPONDENTS RESTRICTED.

All Dispatches Must Be Sent to Tokio

by Mail.

London, March 31.—The Daily Tele-
graph says the Japanese authorities
have refused correspondents the use of
the field telegraph lines and that all
dispatches must be sent to Tokyo by
mail. The paper further says that
there is no sign that any foreigners
will be permitted to go to the front,
though the native newspapermen will
be allowed to do so.

The Daily Telegraph, in an editorial
on the unprecedented severity of this
censorship, suggests that Japan has
some new and important move to con-
ceal, possibly the re-embarkation of a
portion of her forces already in Korea.
for some other point in the theater of
war, and is anxious to guard against
the possibility of leakage through for-
eign correspondents, who might sym-
pathize with Russia.

RUSSIANS ARE RETREATING.

Evacuating the Positions They Occupy

in Korea.

London, March 31.—A correspond-
ent of the Daily Telegraph at Seoul
reports that the Russians are evacu-
ating the positions they occupy in Korea.
Specials from Shanghai repeat the
rumor that the mikado will shortly
proceed to Korea with the headquar-
ters staff.

The Seoul correspondent of the
Daily Mail describes Korea, outside
the districts occupied by the Japanese,
as being in a state of anarchy and in
readiness for rebellion. The corre-
spondent asserts that the censorship
prevents any reference to local distur-
bances.

TO ACCOMMODATE BATTLESHIPS.

Russian Professor Completes Plans for

Drydocks.

St. Petersburg, March 31.—Profes-
sor Ziminoff has completed plans for
drydocks for the accommodation of
battleships which are capable of being
rapidly constructed. The plans
will be sent to Viceroy Alexieff for his
sanction.

Boilers are being installed in the
Jemitching and the Izumrud, which are
now building at the Nevsky works,
and the authorities expect that in a
few weeks they will be able to remove
these ships to Cronstadt, where they
will receive their armament.

MAKAROFF ON THE ALERT.

Sleeps With His Clothes on to Be

Ready for an Emergency.

Cronstadt, March 31.—The president
of the War Relief society has received
a cablegram from Vice Admiral Ma-
karoff dated at Port Arthur March 29,
which says:

"Last night was a very hot one, but
we cannot hope for a very quiet time
either now or in the near future. I
sleep without undressing, in order
that I may be ready for an emergency.
Consequently I cannot observe your
medical advice to take care of myself.
Nevertheless I feel splendid."

RUSSIAN FORCE TRAPPED.

Rumored Japs Have Bady of the En-
emy Cut Off.

Chefoo, March 31.—Reports received
here from the front say that the Jap-
anese have defeated a combined force
of Russian infantry and Cossack cav-
alry.

The battle took place near Chongju,
where a Cossack band was defeated by
the Japanese a few days before.

It is stated that in this second bat-
tle the entire Russian force was driven
southward toward the Chongchong
river with heavy loss and is now sur-
rounded on every side.

If it is true, as reported, that the
retreat was through the Kasan valley,
there is little hope that any of the
Russian forces will escape to Manchur-
ia. The Japanese have possession of
the road northeast at Kusong and with
a superior force can close in on the
enemy.

CONCLUDES ITS WORK.

Special Japanese Diet Makes Provision

for Carrying on the War.

Tokio, March 31.—The special diet
concluded its labors during the day,
finally passing the series of war tax
and financial measures proposed by
the government.

Almost the entire financial pro-
gramme submitted by the cabinet was
approved, although several changes
were made.

The amount to be raised annually
by special taxation was reduced from
\$34,000,000 to \$31,000,000. The gov-
ernment plans to make up the deficit
thereby created in the estimates by
cutting down the administrative ex-
penses.

Another change in the programme
was the refusal to sanction the crea-
tion of a salt monopoly.

RUSSIANS LOOK FOR MINES.

Fail to Find Them Under Vladivostok

Batteries.

Vladivostok, March 31.—In order to
allay the apprehension of the people,
the authorities have instituted a
search for mines alleged to have been
planted by the Japanese which were
to be exploded at an opportune mo-
ment. Borings have been made in the
mountain upon which is located the
"No Name" battery, but nothing sus-
picious was found.

BACK AT VLADIVOSTOK.

Captain Reitzenstein's Squadron Re-
turns to Port.

Paris, March 31.—According to the
St. Petersburg correspondent of the
Echo de Paris it is not denied in Rus-
sian official quarters that Captain
Reitzenstein's Vladivostok squadron
has returned to port, but the officials
ignore the statement that the squad-
ron has captured any Japanese war-
ships or trading vessels.

Kuropatkin in Liaoyang.

St. Petersburg, March 31.—General
Kuropatkin is now at Liaoyang. Vice
Admiral Togo's report upon his fail-
ure to bottle up Port Arthur creates
considerable amusement here.

REPORT CLAIMS MURDER.

Medical Examiner's Opinion of the

Brown Tragedy.

Boston, March 31.—Dr. F. W. Dra-
per, medical examiner for Suffolk
county, Wednesday made an autopsy
on the bodies of Mr. and Mrs. Frank
A. Brown of Roslindale, who died
from bullet wounds on Saturday. At
the time of the tragedy it was the gen-
erally accepted theory that Brown had
killed his wife and then taken his own
life.

Dr. Draper's report, which will be
filed in the district attorney's office,
states that in his opinion both Brown
and his wife were murdered.

On Monday the police arrested and
held on suspicion of murder pending
the report on the autopsy, Willis H.
Wilson, the son of Mrs. Brown by a
former marriage. Wilson was the
only witness of the tragedy, and in his
story to the police on Saturday he
said Brown killed Mrs. Brown and
then committed suicide.

Brown was an artist and photograp-
her and came east from Minneapolis.

INUNDATED FOR MILES.

Black River in Missouri Overflowing

Vast Stretch of Country.

Piedmont, Mo., March 31.—Black
river has steadily risen during the
day until it reaches 22 feet, which is
five feet higher than any previous re-
cord. The country is inundated for
miles, farmhouses have been floated
from their foundations and thousands
of feet of lumber have been destroyed.
It is reported that Rodney Malloy and
his wife and James Mangan, his hired
man, living four miles from here, have
been drowned. The Malloy home has
been washed away.

A wave six feet high struck a freight
train near Leeper, threw the train and
engine from the track and almost
drowned the crew before they could
swim to safety.

The village of Mill Spring is flooded.
Many of the inhabitants are living on
their house-tops and others succeeded
in escaping to the hills.

RUSSIAN POLICE APOLOGIZE.

American Flag Again Floats Over the

Correspondents' Mess.

London, March 31.—A correspondent
of the Times at Newchwang, cabling
Wednesday, says:

"The Russian police have apologized
and have reboasted the United States
flag over the correspondents' mess."

Koreans Becoming Riotous.

Seoul, March 31.—It is reported that
500 disbanded Korean soldiers near
Pyeongang are becoming riotous.

IMPOSES HEAVY FINE

MONTANA COURT ASSESSES MR.

HEINZE TWENTY THOUSAND

FOR CONTEMPT.

MUST PAY OR GO TO PRISON

TWO OTHER COUNTS ALSO KEEP

A JAIL SENTENCE OVER MON-

TANA MAGNATE.

Butte, Mont., March 31.—F. Augus-
tus Heinze, the Montana copper mag-
nate, A. L. Frank, superintendent of the
Johnstown Mining company, and J. H.
Trerise, superintendent of the Ramus
mine, Heinze properties, were found
guilty of contempt of court by Judge
Beatty in the United States court
Wednesday in the action brought by
the Butte and Boston Mining com-
pany against the defendants for enter-
ing the Michael Davitt lode claim and
extracting therefrom valuable ore on
what is known as the Ennargite vein.
Mr. Heinze was fined \$20,000, while
Frank and Trerise were fined \$1,000
each, the fines to be paid today (Thurs-
day), or the defendants to be taken to
Helenia in custody of the United States
marshal and confined until the fines
are paid. Carlos Warfield, another de-
fendant, was found not guilty and dis-
charged.

The judgment applies only to the
first count against the defendants.
Judge Beatty's reservation of decision
on the two of the three counts on
which Mr. Heinze was charged with
contempt in disobeying a former or-
der of the court, that an inspection of
the Heinze mines be allowed in order to
permit of the survey of certain ore
veins, has the effect of keeping an im-
prisonment sentence hanging over Mr.
Heinze.

Judge Beatty announced, however,
that no imprisonment order will be
issued if the fine is paid and if there
is no further violation of the court's
order. But any infraction of the
court's order for a permanent inspec-
tion board of the mines, will, he says,
be severely punished. It is not
thought that the decision will have the
effect of closing down any mine or
throwing any men out of work.

Litigation of Four Years' Standing.

The litigation which resulted in
F. Augustus Heinze being fined Wed-
nesday is of four years' standing and
is over the Michael Davitt claim,
adjoining both the Ramus mine, oper-
ated by Mr. Heinze, and the Pennsylvania,
owned by the Amalgamated Cop-
per company.

In the latter part of 1898 the claim
was put under injunction by Judge
Knowles of the United States district
court, both parties to the suit being
enjoined pending decision as to title,
which decision is still pending. Up
to June of last year, both parties ob-
served the injunction. Later the
Heinze concern, owning the Ramus,
began, it is alleged, to mine the claim
in open violation of the court's injunc-
tion. Federal inspectors appointed by
Judge Knowles were refused admittance
to the Ramus, whence they wished to
get into the Davitt, even when guided
by United States Marshal Lloyd. Then
circuit judges called in Judge Beatty to
decide whether or not the orders of the
federal court had been violated.

Three weeks ago Mr. Heinze, Tre-
rise and Frank were arrested by Mar-
shal Lloyd, on Judge Knowles' order,
after they had refused the marshal
and federal inspectors admission to the
mine. They were allowed to go on
parole until Judge Beatty could get
here.

After the action of the court Wednes-
day, representatives of Heinze and the
Amalgamated Copper company held a
conference and an attempt was made
to agree upon a board of inspectors.

The text of the decision shows that
the fine is practically a deposit pend-
ing final adjudication of the ore bodies
in controversy.

SITUATION VERY GRAVE.

Operators of Illinois May Shut Down

Their Mines.

Springfield, Ill., March 31.—The
prospect for the closing of all the coal
mines in Illinois now seems grave.
The joint state committee reported to
the joint state convention that all the
important differentials in the state
had been adjusted, with the exception
of the first, or Northern third vein
district of Illinois, and the new mines
in Saline and Franklin counties. A
motion to leave the settlement to the
operators and miners of the district
affected was defeated.

River Falling at Saginaw.

Saginaw, Mich., March 31.—The
flood situation here is somewhat im-
proved, the river guages showing a de-
creased water level of from one to
four inches. In the business district
of the city the water dropped in pro-
portion during the night, but business
is still at a standstill and the retail
trade is as demoralized as before.

England's King in Copenhagen.

Copenhagen, March 31.—King Ed-
ward and Queen Alexandra arrived
here Wednesday to attend a family
gathering on the occasion of King
Christian's eighty-sixth birthday. They
drove to the palace, enthusiastically
greeted by great crowds of people lin-
ing the route.

plete line of Novelties will be shown.

A.E. MOBERG,
Dry Goods, Clothing and Shoes,

516-518 Front St. Brainerd, Minn.

FOUR JURORS BRIBED.

Alleged to Have Been Influenced to
Favor Mrs. Botkin.

San Francisco, March 31.—Acting
upon information that four jurors had
been bribed to favor the prisoner,
Mrs. Cordelia Botkin, Judge Cook or-
dered the jury into custody of the
sheriff until today, when he will begin
the impaneling of a new one. When
the denouement came in court Wednes-
day Mrs. Botkin's attorney made a
passionate speech, disclaiming that
Mrs. Botkin or any one connected
with her case was implicated. A brief
investigation was held by Judge Cook
after the jury left the room.

Chief of Police Whittman testified
that one of the jurors had followed
him to his office after the noon ad-
journment Tuesday and said that on
the previous evening a stranger had
called and said: "We have secured
four jurors for the defense, and want
a fifth. We will give you \$50." Con-
tinuing, the chief of police said that
when the juror left the courtroom
Tuesday afternoon he was shadowed
by a detective who saw him secretly
meet a woman, with whom he talked
for several minutes.

LARGE FLEET ASSEMBLED.

Greatest Naval Force in Time of Peace
at Pensacola, Fla.

Pensacola, Fla., March 31.—With the
arrival here of the gunboats Newport
and Castine from Colon, the largest
fleet of United States warships ever
assembled in time of peace is gathered
here. The combined fleet engaged in
target practice includes more than
thirty-four vessels of various classes.
The battleship Alabama has establish-
ed a new world's record for rapidity
and accuracy in firing all classes of
her guns. She came into port after a
week spent at the target range, and
her officers report that her record is
much better than that of the Kears-
arge, made last week.

Asked for a Life Sentence.

Los Angeles, Cal., March 31.—J.
Overholzer, aged sixty-four years, a
former member of the Iowa legisla-
ture, was sentenced Wednesday to
serve two years in state prison for
forgery. Overholzer requested the
court to change the sentence to life
imprisonment.

Millinery Opening

The Ladies of Brainerd are cordially invited to at-
tend our Millinery Opening which we will hold on,

Thursday, Friday and Saturday.

We will be pleased to show you the latest styles in
Spring Millinery, and our prices will be the lowest in
the city. We have engaged the services of an expert
trimmer, and if you want your hat trimmed over we can
surely please you. Hoping you will favor us with your
presence, we remain respectfully yours,

Mrs. B. Kaatz & Son.

Weather

Forecast—Rain and colder.
Temperature (Record kept by Dr. J. L. Camp from 7 a. m. yesterday morning to 7 a. m. this morning)—Maximum 41 above zero; minimum 31 above zero.

BRYAN is against Parker, and is not partial to Hearst, he says. Undoubtedly he favors Wm. J. Bryan.

WASHINGTON politicians expect Parker will be the democratic nominee for president. Hearst and his barrel may fool them.

SOUTH DAKOTA democrats have declared for Hearst. Nothing better could be expected from people who could champion Pettigrew.

DOC AMES will probably have to stand another criminal trial. There does not seem to be much doubt of his guilt, and a conviction would probably follow if the courts could rise above technicalities.

MINNEAPOLIS citizens are agitating the question of getting pure water into the schools. The question is a live one in this city also. Probably much sickness among scholars could be prevented thereby.

THE Duluth Herald expresses surprise that five-sixths of the millers of the country favor the re-election of Roosevelt. It is not at all surprising, as nearly that large a percentage of the the people generally do also.

D. M. Clark & Co., oldest and largest installment house in the city. Goods sold on easy terms. 225tf

LOCAL NEWS NOTES.

Harry Jones left for Fargo this afternoon.

Mrs. A. Russell has returned from Waterville.

Col. C. D. Johnson returned from the twin cities this afternoon.

Mrs. George Powell left this afternoon for Staples for a short visit.

Miss Lizzie LaClaire left this afternoon for the twin cities for a visit.

The "Uneda" dancing club will give a party this evening in Walker hall.

G. W. Massey, of Little Falls, is in the city today on insurance business.

W. B. Jones, of Sylvan, was a visitor in the city this afternoon on business.

Judge M. McFadden was a passenger to Minneapolis this afternoon on No. 5.

Angus and Leo Willis, of St. Paul, are visiting friends and relatives in the city.

Mrs. J. M. Heffner left this afternoon for a visit with relatives at Merriam Park.

Walter Deering, of the Brainerd opera house, left last night for Crookston on business.

J. M. Graham, of Duluth, who was in the city on business, left this afternoon for Little Falls.

Miss Trilby Elder had a large birthday party at her home on Fourth street north yesterday.

Wallace Barker, of Aitkin, passed through the city this afternoon en route to the cities on business.

C. W. Canfield returned from Winthrop today to visit his brother, L. A. Canfield, and may settle here.

Rev. O. P. Peterson, who has been in the city assisting Rev. A. A. Anderson, left for his home in St. Paul this afternoon.

Mrs. W. B. Johnston, who has been visiting at Detroit, passed through the city this afternoon en route to St. Paul for a visit.

Miss Mabel Brown and Miss Canan returned this afternoon from the St. Cloud normal to spend Easter with their relatives.

Rev. M. Berglund, of Minneapolis, will arrive in the city tonight and will preach each evening for about a week at the Swedish Baptist church.

R. G. Vallentyne is slightly under the weather today and is not able to be at his office.

Mrs. Josephine Cuskey left this afternoon for Swanville for a visit with relatives and friends.

William Adams, of St. Cloud, lineman for the Northwestern Telephone company, was in the city today on business.

Assistant Supt. of Motive Power A. W. Wheatley was in the city this morning on business, leaving on No. 6 for St. Paul.

Mrs. Arundel and son, who visited with the former's brother, R. F. Walters, for a day returned to Staples this afternoon.

F. P. Haspel and Miss Esther Rohm, of Detroit, arrived in the city this afternoon for a visit with Mr. and Mrs. Faust.

The subject of Rev. Harry Knowles' address this evening at the First M. E. church will be, "The Base Use of Noble Currency."

Editor E. S. Holman, of Pine River, returned this afternoon from the Southern part of the state where he had been on business.

Miss May Stapleton, of St. Paul, who visited for a day with her brother at the N. P. Sanitarium, returned home this afternoon.

Supt. Strachn and wife left this afternoon for Minneapolis, where Mr. Strachn will take in the Shrine blowout tomorrow night.

M. McLeod, of Minneapolis, representing McLeod & Smith wholesale furniture dealers, was in the city today calling on the trade.

Mr. and Mrs. Dawes, of Pine River, returned this afternoon from their southern trip. They returned home on the M. & I. passenger.

Mrs. C. C. Framman, of Anoka, a sister of the late Richard Sanger, who died at Walker last night, arrived in the city this morning.

The Misses Rick and Sovereign, who have been visiting in the city for a day or two, returned to their homes at Staples this afternoon.

Editor and Mrs. Krech and S. W. Knox and wife, of Aitkin, passed through the city this afternoon en route to the twin cities for a few days' visit.

The Y. P. S. of the Swedish Lutheran church will be entertained by Mr. and Mrs. O. A. Lindberg, corner of 7th and Bluff streets, next Monday evening instead of Friday of next week.

F. E. Ward, general manager of the Great Northern, has just assured a delegation from Milaca that the company would build there a new station like those at Litchfield and Princeton, which cost \$20,000 each.

It was a false alarm that brought the fire company to R. F. Walters' shoe store this morning. There was no fire there. Mr. Walters is smoking some pipe in a box in the back yard at his residence. Perhaps it was for this the alarm was turned in.

In the Journal's voting contest to decide on who will represent this district at the St. Louis exposition Miss Bertha Stade, of this city, looked like an easy winner for a few days, but a formidable candidate has appeared in the person of Miss Irvin Reem of Princeton. Miss Stade has 18,505 votes and Miss Reem 10,000. It behooves all Brainerd friends of Miss Stade to get to the center.

Fire last evening started in a closet of the house at 910, Fir street, owned by William Rogers, and occupied by C. P. Zimmerman, but it was put out before the fire department arrived. The damage to the house amounted to about \$30, fully covered by insurance. Mr. and Mrs. Zimmerman lost nearly all their clothing, which were also insured. Mr. Zimmerman was away at the time at Sylvan and on being telephoned for drove in from there, arriving at midnight.

Hunter's Hot Springs.

It is not necessary for residents of the northwest to go to the south and east for hot water pleasure and curative baths.

Near Springdale, Mont., on the Northern Pacific, are Hunter's Hot Springs, temperature 148 degrees to 168 degrees Fahr., flowing 2000 gallons per minute, 4000 feet above the sea in the foothills of the Crazy mountains, overlooking the Yellowstone river and valley. Good hotels, cottages, bath houses, swimming pool. Rates \$2.50 per day, \$15.00 per week, including baths.

Baths are good for all rheumatic, skin, liver and kidney and stomach diseases. Appointments comfortable and satisfactory. Railway rates low. The region is a natural sanatorium.

For information write J. E. McCormick, Hunter's Hot Springs, Mont., or Chas. S. Fee, C. P. & T. A. Northern Pacific Ry., St. Paul, Minn.

A spring tonic that cleans and purifies and absorbs all poison from the system. Hollister's Rocky Mountain Tea will make you well and keep you well all summer. 35 cents, tea or tablets. H. P. Dunn & Co.

Big new town on Winnipeg extension of the Soo Ry. First-class openings for all kinds of business, manufactories and investment. Address Rufus L. Hardy, Parker's Prairie, Minn.

The DISPATCH will be delivered at your door for 40 cents per month.

THREE GOOD THINGS.

Mix Thoroughly With Common Sense and Take Regularly.

Sunshine.—Disinfectant, germicide, soporific, sedative. Soak yourself in it—spiritually, mentally, bodily. Make a storage reservoir of your heart and soul and store up every stray sunbeam that comes your way. Fill the reservoir full, so that there will be enough for your friends and neighbors too. Just a little dab stored up for your own use will all evaporate before you have a chance to get any satisfaction out of it.

Fresh Air.—Disinfectant, germicide, tonic, sedative, stimulant, blood purifier. Pump the pure article down into the very roots of your lungs—steady, sure, all the time, day and night. Pure air, remember, not some old second-hand stuff that has been used over and over again nor that which has been poisoned by the burning of gas in the room, but pure air, fresh from meadow and forest. That is what the air cells of your lungs are in need of if they are to make pure air, without which health is impossible.

Exercise.—Stimulant, lubricant, vermifuge, necessary to proper heart action and a good circulation of the blood. Mix thoroughly with common sense and take regularly.—Maxwell's Tailsman.

THE BULL'S EYE.

How the Center of the Target Came to Be So Named.

Why is the target's bull's eye so called?

This is one of many instances in our language where words have gained a higher status than that with which they started and have been promoted from the slang dictionary to the dictionary of words of respectable and current use.

Bull's eye is found in the dictionary of "The Century Crew" so far back as 1690 and was the vulgar word for the central ring of the target used as a mark for archers, which was colored differently from the other rings. This may have arisen from the ancient rounded shields, cut out of ox hide and strengthened with a spike or central boss for this shield or target; hence target was often used as a mark itself.

When sheet glass began to be manufactured the thickened part, where the tube had been attached, was called the bull's eye. Then this term was successively applied to a lens of glass, especially in a ship's side, to the lens of the lantern, to the lantern itself and finally to the central boss of a target.—London Answers.

RED LETTER DAYS.

The Origin of Thus Designating Notable Occasions.

The origin of a "red letter day" has been traced back to the third century. Gregory, bishop of Caesarea, zealous for the conversion of pagans, found them unwilling to give up their customary recreations at the festivals of their gods, so, taking a leaf out of their book, he instituted festivals in honor of saints and martyrs.

This example soon led to the institution of holy days, now corrupted into holidays. In old almanacs all such holy days were set forth in red ink, the rest being in black; hence the term "red letter day" for any notable occasion.

Others say that the origin of the expression is much more recent and is due to the fact that saints' day, the 5th of November, the king's birthday and accession and King Charles' day were similarly marked off in red as holidays for the Bank of England, evidently in the times of the later Stuarts.—London Telegraph.

Sudden Awakening.

That it is bad for the heart to be waked up suddenly in the morning is the contention of a certain writer, who bases his opinion on the fact that to be suddenly awakened from sound sleep sends a great rush of blood to the heart, thus overtaxing and straining it. People whose business necessitates their being awakened early have long suspected the practice of being an evil one and have tried to rid themselves of it. But heretofore they have had no better reason for wishing to continue to lie in bed than that they found it inconvenient or unpleasant to rise early. Evidently they have right on their side. It is an unhygienic practice this being waked up at unearthly hours in the dusk of the early morning. It is bad for the heart.

Happy When They Are In Jail.

"Many a prisoner as soon as he steps foot in the outer office," said a Charles street jail officer, "throws himself into a chair with a sigh of relief, muttering, 'This is the first happy hour in many months.' This is especially true of men charged with large embezzlements. Their consciences seem to be on the verge of collapse until they arrive under the shadow of the jail, when they then see their future clearly."—Boston Record.

The Friends.

"I see you are wearing my old engagement ring."

"Yes; isn't it perfectly lovely to be engaged to Jack?"

"Yes, indeed! He's so deliciously serious about it, isn't he?"—Detroit Free Press.

His Practice.

Little Elmer—Papa, what do the letters "D. D." after a man's name mean? Professor Broadhead—That he is a doctor who makes a practice of preaching my son.—Town Topics.

"Give me the first seven years of a child's life," said a wise man, "and you may have the rest. These are the ones that count."

BARGAINS

AT THE BIG

FIRE - SALE

We are still selling goods at the same old place, at prices that are way down, all these FIRE GOODS must be sold regardless of price, so come and get your choice at your own price.

New Spring Wash Goods

The pretty weaves, the delicacy of colorings, the variety of patterns which have been witnessed in the past year, would seem to show that there was little additional for the manufacturers or designers to accomplish, but the new goods as shown for the Spring and Summer of 1904, are in so many points superior to those of last year, that a mere printed description cannot adequately convey, either their beauty or their worth, it certainly is to your own interest to pay a special visit to this Great Wash Goods Department of Ours as an assortment, they stand matchless and alone, for we acknowledge no competition, every freight and express from now on bring additional consignments, so there will be something new every day, and you will take pleasure in coming, not only once, but often.

Money refunded if goods are not as represented.

People whose business necessitates their being awakened early have long suspected the practice of being an evil one and have tried to rid themselves of it. But heretofore they have had no better reason for wishing to continue to lie in bed than that they found it inconvenient or unpleasant to rise early. Evidently they have right on their side. It is an unhygienic practice this being waked up at unearthly hours in the dusk of the early morning. It is bad for the heart.

Happy When They Are In Jail.

"Many a prisoner as soon as he steps foot in the outer office," said a Charles street jail officer, "throws himself into a chair with a sigh of relief, muttering, 'This is the first happy hour in many months.' This is especially true of men charged with large embezzlements. Their consciences seem to be on the verge of collapse until they arrive under the shadow of the jail, when they then see their future clearly." —Boston Record.

The Friends.

"I see you are wearing my old engagement ring."

"Yes; isn't it perfectly lovely to be engaged to Jack?"

"Yes, indeed! He's so deliciously serious about it, isn't he?" —Detroit Free Press.

His Practice.

Little Elmer—Papa, what do the letters "D. D." after a man's name mean? Professor Broadhead—That he is a doctor who makes a practice of preaching, my son.—Town Topics.

"Give me the first seven years of a child's life," said a wise man, "and you may have the rest. These are the ones that count."

FIRE - SALE

We are still selling goods at the same old place, at prices that are way down, all these FIRE GOODS must be sold regardless of price, so come and get your choice at your own price.

New Spring Wash Goods

The pretty weaves, the delicacy of colorings, the variety of patterns which have been witnessed in the past year, would seem to show that there was little additional for the manufacturers or designers to accomplish, but the new goods as shown for the Spring and Summer of 1904, are in so many points superior to those of last year, that a mere printed description cannot adequately convey, either their beauty or their worth, it certainly is to your own interest to pay a special visit to this Great Wash Goods Department of Ours as an assortment, they stand matchless and alone, for we acknowledge no competition, every freight and express from now on bring additional consignments, so there will be something new every day, and you will take pleasure in coming, not only once, but often.

Money refunded if goods are not as represented.

HILL WILL BE HELD ON MURDER CHARGE

Richard Sanger of this City, As-
saulted at Cross Lake, Died
at Walker Last Night

LITTLE KNOWN OF THE MAN HILL

Richard Sanger Leaves a Wife
and Has Other Close Rela-
tives in this City.

The assault case at Cross Lake a few days ago in which Nick Hill attacked Richard Sanger with an ax, has now developed into a murder case, and Hill, who is incarcerated in the county jail at Walker, will be held on this charge.

Richard Sanger died at the hospital at Walker last night and the remains will be brought to this city for burial. He was the victim of one of the most villainous attacks in the history of Northern Minnesota and it is now evident that the man he was dealing with was a desperate character. His name is Nick Hill and but little is known of him as he had worked only a short time for the Cross Lake Logging company.

The facts seem to be that Sanger lost his life in trying to protect a youth from abuse at the hands of this man Hill. Hill is said to have been abusing a young lad who worked about one of the camps of the Cross Lake Logging company and Sanger interfered, taking sides with the boy. This enraged Hill and grabbing an ax close by hurled it in the air and in trying to get away Sanger was hit on the shoulder blade with the keen edge and a horrible wound was inflicted.

Word was sent to Walker and Deputy Sheriff Riddell went out to the camp and placed Hill under arrest. Sanger was taken to Walker and placed in a hospital. It was thought that he was improving yesterday morning but last night he passed away.

The deceased was a brother of Benjamin Sanger, of this city, and also a relative of Alvah Eastman, who lives on lower Front street. He was well known here and had a large number of friends.

In all probability Hill will be given a preliminary hearing at once and his case will be taken up by the grand jury at the April term of the district court in Walker.

OSCAR BORG IS HELD

To the Grand Jury on Charge of Bastardy
--Bond Was Fixed at \$450, Which
Was Furnished.

The testimony in the case of the state against Oscar Borg was taken yesterday, the task being finished last night, and this morning at 10 o'clock the attorneys, A. T. Larson for the defendant and E. W. Crane for the state, took up the arguments, which consumed considerable time. Judge Warner thought that there was a reason to believe Borg guilty of the charge and held him to the district court. Bonds were fixed in the sum of \$450, which were furnished.

Considerable feeling has been aroused in Oak Lawn over the affair and some rather bitter words passed between the defendant and the father of the girl yesterday afternoon.

GOOD FRIDAY

A Day of General Sorrow and Grief in Remembrance of the Suffering of the Savior on the Cross.

Tomorrow, Good Friday, is a legal holiday and out of remembrance of the great sorrow and grief in and about Jerusalem on this day, it is commemorated throughout the Christian world. The day is really one of the most important of Holy Week which marks the close of the Lenten season.

It is the commemoration of the crucifixion of the Savior and all services in the churches are expressive of the deepest grief and sorrow and on Friday and Saturday of this week the fast is most rigidly observed. There is no mass in the Catholic churches tomorrow, but on the contrary everything takes on the appearance of greatest sorrow and penitential suffering. The altar is stripped of its ornaments and the sanctuary is draped in black.

At St. Paul's Episcopal church there will be services at 10 o'clock in the morning. From 12 to 3 o'clock the service will consist of "Meditation and Seven Words from the Cross." The evening service will be at 7:30 o'clock.

Little Helen Hope Henderson.

Of Mondovio, Wis., was given Greene's Cough Cure by her mother as a means of checking a case of grip and cold on the lungs. Her fever was 103 and she was completely prostrated when the remedy was first employed—in twelve hours her temperature was normal and she was sleeping quietly. In four days she was pronounced completely recovered. Greene's Cough Cure is especially prepared for children and is guaranteed to be absolutely safe and reliable. Mothers should have it ready for emergencies. Prices 25c and 50c. H. P. Dunn & Co.

ATTEMPTED BURGLARY.

The Residence of Mr. and Mrs. F. E. Low Thought to Have Been Entered but Burglar Was Scared Away.

Last night there was an attempted burglary at the home of Mr. and Mrs. F. E. Low in this city and but for the bravery of Miss Belle Low the intruder might have secured something.

Miss Low, who sleeps upstairs, heard strange noises about the house and jumped out of bed but could find nothing disturbed so she went back to bed again. A little later she heard the same noises and got out of bed again, but after a search about the place could find no sign of anyone. She went back to bed again and was just about asleep when she heard something like a crash, and this time she was sure there was someone prowling about the place. She secured a revolver and took courage enough to go down stairs and telephone for the police, but she could not get central. Finally she decided to telephone to the residence of S. Walker and Mr. Walker went over to the Low residence.

The prowler or prowlers made their escape, however, but the window in Miss Low's room upstairs was completely shattered, even the sash being broken and as the hole in the window was large enough for a person's body to pass through it is thought that there was someone in the house, and when he discovered that Miss Low, with gun in hand, meant business, he made his escape by the shortest possible route. Nothing of value about the place has been missed.

"I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. R. B. has made me a perfectly well woman." Mrs. Chas. Hutton, Berville, Mich.

FLAK NEWS.

Miss Hattie Welliver is home for a week's vacation.

There was a dance at Aug. Fahlstrom's last Saturday night.

Miss Minnie Warren, who is attending school in Brainerd, is spending her Easter vacation at home.

The entertainment given by the young people of Flak proved to be a success, as everything went off nicely.

Sunday school was organized at the Roderick school house, district No. 24, by Rev. E. E. Jones, on Sunday last. Sunday school at 2:30 p. m. Everybody attend.

Everyone seems to be looking forward for spring, and some are complaining of it being so late, but be patient, God knows best. "All things come round to him who will but wait."

SHOP FORCE WILL BE INCREASED

Car Repairing Work at Gladstone
Shops To Be Discontinued
This Spring.

WORKMAN TO BE MOVED HERE

Change Will Not Affect Machine
Shops at Gladstone—Work
to Be Distributed.

The Northern Pacific shop force in this city is to be materially increased, according to a rumor that is now in circulation regarding the Gladstone shops.

The report is that the car repairing work of the Northern Pacific at Gladstone will be discontinued this spring, and the work distributed among the shops at Como, Brainerd and Duluth. The change will not affect the machine shops at Gladstone where engines are repaired and similar work is done. The officials of the road believe that the car repair work can be done more economically by distributing it among the various shops than by concentrating it at Gladstone.

The men affected by the change will be transferred to other shops. Heretofore the chief part of the car repairing of the Northern Pacific in Minnesota has been done at Gladstone.

The number of men that will be brought to Brainerd is not known, but as the shops here are the most important on the entire system it is more than likely that the larger portion of the men who will be removed from Gladstone will be brought to Brainerd.

"A dose in time saves lives." Dr. Wood's Norway Pine Syrup; nature's remedy for coughs, colds, pulmonary diseases of every sort.

MONTH'S TRIAL FREE.

Breathe Hyomei Three or Four Times
Daily and Be Cured of Catarrh.

H. P. Dunn & Co., one of the most reliable business firms in Brainerd, have seen many instances of the remarkable power of Hyomei to cure catarrhal troubles or other disorders of the respiratory organs.

Results in this treatment have given them so much confidence in Hyomei that they will give a month's trial with the positive understanding that if at the end of that time a cure is not effected or enough relief gained to warrant a continued use of the treatment for a while longer, the money will be refunded.

Hyomei is the only treatment for catarrh that has ever been sold under a "no cure, no pay" plan, and the only one where a month's trial treatment is free unless it cures.

Hyomei is not a pill or liquid. Just breathe it through the neat inhaler that comes with every outfit, and benefit will be seen from the first day's use. Breathed in this way, the health-giving Hyomei penetrates to the minutest air cells of the lungs, and drives catarrhal germs and poisons from the system.

The complete outfit costs but \$1, and extra bottles of Hyomei may be obtained for 50c.

Remember that if Hyomei does not cure you after a month's trial, H. P. Dunn & Co. will refund your money and the treatment will be absolutely free. 11

MUSIC AND DRAMA.

THE BURGLAR

The attraction at the Brainerd opera house next Monday April 4th will be "The Burglar."

Although the great master hath said there is "nothing in a name," the world knows better. The name "Burglar" has doubtless cost the owner of the play thousands of dollars. The impression created by the title of the play is misleading. There is none of the blood and thunder bowery style, although one would think so useless one had seen the performance. It is more truly that style of dramatic composition that in modern stage nomenclature is called society drama, and is lightened with touches of pure Thomas comedy, which comes out strong in his great play "Alabama."

The opening scene is laid in the home of the wealthy. The happiness of the particular home in question is marred by the fact that the husband and father turns out to be a burglar, escapes arrest by compromise, and goes away. He is captured, and in escaping from jail is supposed to be shot and is reported dead. The wife marries again, and in the second act comes the news that her first husband is not dead. The burglar, bent on plunder, visits the home of his wife, not knowing it is such, and is discovered by his own little daughter, whereupon ensues one of the most original scenes ever seen on the stage.

The play is taken from Mrs. Burnett's charming sketch, "Editha's Burglar," which Mr. Augustus Thomas has enlarged upon and turned into a four act play of great strength.

A GROWING TREE.

Two Things That Nature Invariably Does to Protect It.

Nature invariably does two things when she tries to grow a tree—she protects the bark from hottest sunshine and the roots from severe changes of temperature. Both these points are almost invariably overlooked by man. Observe a maple or elm or birch as it shoots from the ground. Its sides are clothed all the way with small twigs unless removed by knife or browsing. Any tree starting in an open lot is thus protected from the sun. Otherwise the extreme heat will rupture cells, and the bark will dry and split. As far as possible there must be equal development of cells on all sides of the tree. But care of the roots is even more important.

The feeding of a tree is at unequal depths, but most of it is near the surface. If the sun be allowed to strike directly on the soil the finer rootlets that do the foraging are destroyed, and extreme droughts will affect the roots for a foot in depth. What is worse, the extreme changes of temperature also affect the tree and suck its life away. In some cases such conditions are produced as encourage the development of fungi or other enemies to plant life. Nature guards against this by laying down each autumn a layer of leaves to mulch her forests or solitary pets.

RENEWING THE BODY.

The Way Man Is Constantly Being Made Over and Over.

It takes but four weeks to completely renew the human epidermis. You have new eyelashes every five months, you shed your finger nails in about the same period, and the nails of your toes are entirely renewed annually. The white of the eye, known as the cornea, is in a continual state of renewal, being kept clear and clean by the soft friction of the eyelids. These are a few manifestations of the restorative powers retained by man, who is less fortunate than the lower animals.

Crabs can grow fresh limbs; the snail can renew even a large portion of its head; with eyes and feelers lizards do not worry about the loss of a tail, and if you make a cut in the caudal appendage of some of these last mentioned creatures they will grow another tail straightway and rejoice in the possession of two.

But man still possesses the wonderful restorative little cells which scientific men call leucocytes. They are always coursing through the body to renew and to defend the body from its enemies, the harmful bacteria of various maladies. These cells generate antitoxins to kill our enemies. They do battle for us in hundreds of ways, and yet the majority of us know nothing of these great services rendered by our tiny friends inside.

Consideration.

You may never know what harm an indifference may work, what despair a rebuff may brew. Your pulse of irritation under pressure of obligations might be the last feather weight to flame an oppressed soul into desperation.

SHOP FORCE WILL BE INCREASED

Car Repairing Work at Gladstone Shops To Be Discontinued This Spring.

WORKMAN TO BE MOVED HERE

Change Will Not Affect Machine Shops at Gladstone—Work to Be Distributed.

The Northern Pacific shop force in this city is to be materially increased, according to a rumor that is now in circulation regarding the Gladstone shops.

The report is that the car repairing work of the Northern Pacific at Gladstone will be discontinued this spring, and the work distributed among the shops at Como, Brainerd and Duluth. The change will not affect the machine shops at Gladstone where engines are repaired and similar work is done. The officials of the road believe that the car repair work can be done more economically by distributing it among the various shops than by concentrating it at Gladstone.

The men affected by the change will be transferred to other shops. Heretofore the chief part of the car repairing of the Northern Pacific in Minnesota has been done at Gladstone.

The number of men that will be brought to Brainerd is not known, but as the shops here are the most important on the entire system it is more than likely that the larger portion of the men who will be removed from Gladstone will be brought to Brainerd.

CROW WING ITEMS.

Miss Carrie Porter who has been sick is improving.

Mr. Ducette of Little Falls was in Crow Wing on business the first of the week.

Nels Gunderson who has been seriously ill for the past few weeks is now able to be about.

The snow has disappeared very rapidly the last few days. The farmers are all glad to see it because feed is getting so scarce.

Mr. and Mrs. Burrall left Tuesday for Little Falls where they will spend their Easter holidays with friends and relatives.

Miss Lucy Maxin has returned home from Brainerd after spending the winter with her aunt, Mrs. Joel Smith.

Mr. Beaulieu of White Earth called at Crow Wing last Saturday. He says the old settlers of White Earth are planning on an excursion this summer to see their old homes and hunting grounds at old Crow Wing.

But will give you a choice from ten good homes. All good buys. Cash or easy. NETTLETON.

"A dose in time saves lives." Dr. Wood's Norway Pine Syrup; nature's remedy for coughs, colds, pulmonary diseases of every sort.

MONTH'S TRIAL FREE.

Breathe Hyomei Three or Four Times Daily and Be Cured of Catarrh.

H. P. Dunn & Co., one of the most reliable business firms in Brainerd, have seen many instances of the remarkable power of Hyomei to cure catarrhal troubles or other disorders of the respiratory organs.

Results in this treatment have given them so much confidence in Hyomei that they will give a month's trial with the positive understanding that if at the end of that time a cure is not effected or enough relief gained to warrant a continued use of the treatment for a while longer, the money will be refunded.

Hyomei is the only treatment for catarrh that has ever been sold under a "no cure, no pay" plan, and the only one where a month's trial treatment is free unless it cures.

Hyomei is not a pill or liquid. Just breathe it through the neat inhaler that comes with every outfit, and benefit will be seen from the first day's use. Breathed in this way, the health-giving Hyomei penetrates to the minutest air cells of the lungs, and drives catarrhal germs and poisons from the system.

The complete outfit costs but \$1, and extra bottles of Hyomei may be obtained for 50c.

Remember that if Hyomei does not cure you after a month's trial, H. P. Dunn & Co. will refund your money and the treatment will be absolutely free. 11

MUSIC AND DRAMA.

THE BURGLAR

The attraction at the Brainerd opera house next Monday April 4th will be "The Burglar."

Although the great master hath said there is "nothing in a name," the world knows better. The name "Burglar" has doubtless cost the owner of the play thousands of dollars. The impression created by the title of the play is misleading. There is none of the blood and thunder bowery style, although one would think so useless one had seen the performance. It is more truly that style of dramatic composition that in modern stage nomenclature is called society drama, and is lightened with touches of pure Thomas comedy, which comes out strong in his great play "Alabama."

The opening scene is laid in the home of the wealthy. The happiness of the particular home in question is marred by the fact that the husband and father turns out to be a burglar, escapes arrest by compromise, and goes away. He is captured, and in escaping from jail is supposed to be shot and is reported dead. The wife marries again, and in the second act comes the news that her first husband is not dead. The burglar, bent on plunder, visits the home of his wife, not knowing it is such, and is discovered by his own little daughter, whereupon ensues one of the most original scenes ever seen on the stage.

The play is taken from Mrs. Burnett's charming sketch, "Editha's Burglar," which Mr. Augustus Thomas has enlarged upon and turned into a four act play of great strength.

A GROWING TREE.

Two Things That Nature Invariably Does to Protect It.

Nature invariably does two things when she tries to grow a tree—she protects the bark from hottest sunshine and the roots from severe changes of temperature. Both these points are almost invariably overlooked by man. Observe a maple or elm or birch as it shoots from the ground. Its sides are clothed all the way with small twigs unless removed by knife or browsing. Any tree starting in an open lot is thus protected from the sun. Otherwise the extreme heat will rupture cells, and the bark will dry and split. As far as possible there must be equal development of cells on all sides of the tree. But care of the roots is even more important.

The feeding of a tree is at unequal depths, but most of it is near the surface. If the sun be allowed to strike directly on the soil the finer rootlets that do the foraging are destroyed, and extreme droughts will affect the roots for a foot in depth. What is worse, the extreme changes of temperature also affect the tree and suck its life away. In some cases such conditions are produced as encourage the development of fungi or other enemies to plant life. Nature guards against this by laying down each autumn a layer of leaves to mulch her forests or solitary pets.

RENEWING THE BODY.

The Way Man Is Constantly Being Made Over and Over.

It takes but four weeks to completely renew the human epidermis. You have new eyelashes every five months, you shed your finger nails in about the same period, and the nails of your toes are entirely renewed annually. The white of the eye, known as the cornea, is in a continual state of renewal, being kept clear and clean by the soft friction of the eyelids. These are a few manifestations of the restorative powers retained by man, who is less fortunate than the lower animals.

Crabs can grow fresh limbs; the snail can renew even a large portion of its head; with eyes and feelers lizards do not worry about the loss of a tail, and if you make a cut in the caudal appendage of some of these last mentioned creatures they will grow another tail straightway and rejoice in the possession of two.

But man still possesses the wonderful restorative little cells which scientific men call leucocytes. They are always coursing through the body to renew and to defend the body from its enemies, the harmful bacteria of various maladies. These cells generate anti-toxins to kill our enemies. They do battle for us in hundreds of ways, and yet the majority of us know nothing of these great services rendered by our tiny friends inside.

Consideration.

You may never know what harm an indifference may work, what despair a rebuff may brew. Your pulse of irritation under pressure of obligations might be the last feather weight to flame an oppressed soul into desperation.

TO ROB THE FARMERS

SENATOR M'CUMBER DECLARES ELEVATOR MEN OF NORTH-WEST ARE IN LEAGUE.

REALIZED IMMENSE PROFITS

ELEVATORS SAID TO HAVE MADE

MILLIONS IN A FEW YEARS

BY FALSE WEIGHING.

Washington, March 31.—Speaking in the senate in favor of his bill for federal grain inspection, Senator McCumber of North Dakota made charges of a most sweeping character against grain elevator men of Minneapolis, Superior, Duluth and other cities of the Northwest. In effect, he charged that elevator men are venally corrupt and in league to rob the farmer. He cited many specific instances where grain was graded as No. 2 or 3 when it came into the elevators and was put out as No. 1 northern without being cleaned or altered in any respect, the difference in price of the grades being appropriated by the elevator men.

"The elevators at Duluth and Superior," he said, "are known by their own records to have put out 28,565,000 bushels more of wheat in the past ten years than was taken in. The net value of this false weighing would be \$20,000,000 to the elevators, in which sum the farmers of the Northwest have been lilted."

INSTRUCTED FOR HEARST.

South Dakota Delegates to National Democratic Convention.

Sioax Falls, S. D., March 31.—The Democratic state convention did not complete its work until a late hour last night. The report of the committee on resolutions, which was unanimously adopted, reaffirms the principles of democracy "as enunciated by Jefferson, Jackson and Bryan," and instructs the delegates to the St. Louis convention to support William J. Bryan.

The resolutions declare that Hearst will never compromise with trusts, and term him the champion of labor.

One of the features of the night session was an address by Former United States Senator Richard F. Pettigrew.

He severely denounced the state and national policies of the Republican party.

The principal contest of the convention was over the election of a member of the Democratic national committee. E. J. Johnson, present chairman of the Democratic state committee, who was supported by Hearst men, was elected to the position. The convention defeated a proposed amendment to the report of the resolutions committee, providing that the delegates to St. Louis be publicly pledged to support the nominee of the national convention.

S. A. Ramsey of Sanborn county was temporary chairman of the convention, and Chauncey L. Wood of Pennington county was permanent chairman.

IOWA MINES TO CLOSE.

Operators and Miners Cannot Effect an Agreement.

Des Moines, Ia., March 31.—A committee composed of five miners and five operators, appointed by the joint scale committee, reported to the joint scale conference Wednesday that the scale committee cannot agree, also explaining the points of difference. The joint conference is considering the report. Leading operators say there can be no other alternative now than to shut down the mines throughout Iowa. Until within a few days ago the only difference between the miners and operators was the question of wages in Districts No. 1 and 4, the miners contending for a higher scale than the operators would agree to pay. Now the miners demand a decrease in the price of powder and this has served to further augment the difficulty.

NEGROES TO NAME A TICKET.

Will Convene at St. Louis to Nominate Presidential Candidate.

East St. Louis, Ill., March 31.—W. T. Scott, a negro, has announced that preparations have been completed for a national convention for the nomination of a negro candidate for president. The convention will be held in St. Louis July 6, the date set for the national Democratic convention. The name of the party is "The national Civil Liberal Party" and a platform will be adopted, which, Scott says, will call for government ownership of transportation facilities and a pension list for former slaves. S. P. Mitchell of Memphis, Tenn., is president of the organization and I. L. Walton of Washington, D. C., is vice president.

JUMPS TO HIS DEATH.

Wisconsin Legislator Leaps From a Window While Delirious.

Gand Rapids, Wis., March 31.—Frank A. Cady, member of the assembly for Wood county, jumped from the third-story balcony of the hospital at Hot Springs, Ark., and was instantly killed. He was delirious as the result of an operation.

Chloroform Proves Fatal.

New York, March 31.—Mrs. Vortie Fish, wife of Captain John Albert Fish, late of the British army, was found dead in her apartments last night. After an investigation the coroner said he believed death was due to heart failure brought on by inhaling fumes of chloroform.

Aged Man Dies on a Train.

Watertown, Wis., March 31.—Thomas Hull of Washington, D. C., died on a Milwaukee road train near this city last night. He was seventy years old and with his sister was on his way from Ohio to the home of a son at Princeton, Minn.

TO AID CHICAGO'S POOR.

Minister's Peculiar Method Results in His Arrest.

Chicago, March 31.—"Dr." Dewing, who says he is a minister of the gospel, had a peculiar method of aiding the poor which has led to his arrest upon a charge of embezzling from railroads. Lines with headquarters in Chicago charge him with having beaten them out of thousands of dollars worth of transportation.

Dewing has made a confession in which he says that all the money thus obtained was used in charitable work. He is said to have made a practice of buying mileage tickets at half rates, claiming that he was a minister and then selling the tickets to Chicago brokers, and using the surplus to assist the poor.

Having made a thorough investigation of the case, it is said that the railway companies will be satisfied if he is punished with a small fine, as his story is believed.

NEW COMBINE FORMED.

Increases Price and Controls Output of Electric Lamps.

Pittsburg, March 31.—The Post says the organization of a new electric lamp combine under the domination of the General Electric company, it is learned from reliable authority, was accomplished in New York Wednesday, and a marked change will take place in the future operations of this business.

Prices for electric lamps are to be increased at the rate of two cents per lamp at once, and but two grades are to be provided for the trade.

The New York meeting is said to have concluded with the formal signing of the agreement by all independent companies to operate under the General Electric license, thus placing that corporation in absolute control of the electric lamp trade.

ONLY ONE TO BE PARDONED.

Iowa Senate Committee Turns Down Fourteen Applications.

Des Moines, Ia., March 31.—The senate committee on pardons, before which are fifteen applications for pardon from life convicts, turned them all down, with the exception of Henry Hall of Council Bluffs, who will be recommended for pardon. Hall murdered his wife and is now an old man. Sarah Kuhn and the notorious Rains-barger brothers were among those refused pardons.

WILL REFUSE TO GIVE PASSES.

Western Railroads Turn Down Request of Livestock Men.

Chicago, March 31.—Traffic officials of the Western roads have decided to refuse the request of the livestock associations for the resumption of passes to livestock shippers. It was held that no state has the right to pass a law requiring a railroad to give something for nothing.

Minnesota Pioneer Dead.

Duluth, March 31.—John Laury, a pioneer citizen of Hibbing and heavy real estate holder, dropped dead here last night at his home while singing a song in the presence of a number of invited friends. Heart disease is given as the cause of his demise.

Suicides With Rat Poison.

Brainerd, Neb., March 31.—Despondent because her fiancée, Ernest Lind-kugel, dropped dead last Monday, Ada Ross, aged seventeen, living near here, took rat poison Tuesday night and died Wednesday.

TELEGRAPHIC BREVITIES.

The Cankamom river has overflowed its banks in Illinois and flooded the country for some distance.

Commissioner of Pensions Ware has returned to Washington from the South in much improved health.

Frederick Shalberg, one of the best known railroad and timber contractors in Northern Minnesota, is dead at Duluth of consumption.

Rev. John Gordon, formerly president of Tabor college, Iowa, Wednesday was formally inaugurated president of Howard university of Washington, D. C.

MARKET QUOTATIONS.

Butter—Creameries, 14 to 24½c; dairies, 12½ to 21c. Eggs—16½ to 16½c. Poultry—Turkeys, 12c; chickens, 13c.

DEMAND AN INVESTIGATION.

Democratic Senators Want Inquiry Into Postoffice Department.

Washington, March 31.—The senate Wednesday began consideration of the postoffice appropriation bill and it was the signal for a revival of the Democratic demand for an investigation into the charges of corruption in the postoffice department.

The debate was initiated by Mr. Corman, who spoke for almost two hours in criticism of the course of the Republican party in the senate in refusing an inquiry, at the same time charging the postoffice committee with undue haste in reporting the bill, as he did the Republican party with a desire to adjourn congress at an exceptionally early date in order to meet the wishes of the president.

Mr. Clay contended that there should be a congressional inquiry, saying that the charges against Mr. Fath, ex-first assistant postmaster general, were such as to demand investigation.

Mr. Penrose and Mr. Lodge spoke for the Republican side of the chamber, defending the committee on post-offices against the charge of haste and also the administration. Mr. Lodge contended that congress could not make an inquiry that would be as thorough as that already made by the postoffice department. He charged the Democratic attack to a desire to find a political issue. Mr. Scott quoted District Attorney Beach and Assistant Attorney General Robb as saying that there was not sufficient evidence upon which to indict Heath.

HOUSE MAKES PROGRESS.

Disposes of Several Pages of the Sunday Civil Bill.

Washington, March 31.—Substantial progress was made Wednesday by the house in the consideration of the Sunday civil bill, fifty-one pages being disposed of, leaving only twenty-one to be read. No amendments of general importance were made.

Mr. Bartlett of Georgia, briefly replied to the statements of Mr. Gillett of Massachusetts made last Monday on the negro question. He said that the Massachusetts member had lectured the South for disregard of violations of the law, whereas in the city of Marion, Mass., persons who had tarred and feathered a man and woman had been acquitted and were paraded through the streets as heroes. He believed that the people of the South are entitled to work out the negro problem "as God shall will it."

Mr. Crumpacker of Indiana declared that 3,000 persons had been mobbed and put to death in the past twenty-five years in the United States.

COURT INTERVENES.

Ends Wordy War Between Mr. Bryan and Judge Stoddard.

New Haven, Conn., March 31.—Further sensational incidents marked the second day's hearing on the appeal of William J. Bryan from probate in the superior court Wednesday before Judge Gager. Former Judge Stoddard, counsel for Mrs. Bennett, and Mr. Bryan engaged in a wordy war during the morning session and the court had to intervene. It followed immediately after reference to the correspondence between Mr. Bryan and Mr. Bennett had been made by Judge Stoddard in which it was alleged that Mr. Bennett was brought to the point of writing the "sealed letter" by Mr. Bryan.

Judge Stoddard implied that Mr. Bryan was withholding their contents and said: "If this man insists upon getting \$50,000 from the widow by suppressing facts and showing that those letters were written at his behest the court should know the facts."

Mr. Bryan jumped to his feet and insisted that Judge Stoddard had misstated the facts, but the court ordered him to sit down.

The day was taken up entirely by arguments on the question of admitting the "sealed letter." Judge Stoddard concluding the argument that he began Tuesday. He was followed by Attorney Hewitt, after which Attorney Newton addressed the court for over two hours, showing the relations between Mr. Bryan and Mr. Bennett, the reasons for appeal and facts to show that the admission of the sealed letter as evidence is proper law. Judge Gager will rule on the admission of the "sealed letter" today.

BELGRADE LEVEE BREAKS.

Live Stock Drowned and Residences Washed Away.

Vincennes, Ind., March 31.—The great Belgrade levee broke eight miles north of here during the day, causing heavy damage. Many houses were washed from their foundations and much live stock drowned. The break increased the water at Westport, where the flood is in the second story of every house. The town has been abandoned. The water is still rising. Two-thirds of Lawrence county is under water, in many places twenty feet deep. The Baltimore and Ohio Southwestern tracks are washed out for more than a mile and several large trestles are in danger. The river has passed all records of floods. Telephone and telegraph wires are down and communication with the adjacent country is cut off. A hard rain is falling.

WILD PANIC IN A CHURCH.

Two Women and Two Children Seriously Injured.

New Haven, Conn., March 28.—A panic occurred at the morning service of St. Michael's Italian Roman Catholic church Sunday, in which a score of persons were injured.

Four most seriously injured, two women and two children, were taken to the hospital.

Some one in the congregation shouted "fire" during a prayer and immediately the worshippers arose and rushed for the door at the rear of the church, the only exit. Women and children were trampled upon and dragged along the floor by the others in their endeavor to get out of the building and during the confusion someone sent in a fire alarm. With great difficulty the firemen succeeded in forcing back the struggling mass that had become wedged in the doorway.

Finally when the building was freed of people, two women and two girls were found on the floor badly hurt. There was no fire to cause the panic.

WANTS.

Notices under this head will be charged for at the rate of one cent a word for the first insertion and one-half cent for subsequent insertions, strictly cash in advance, unless advertiser has ledger account with the office, but no ad will be taken for less than 10 cents.

CHICAGO CONVENTION TANGLE.

Effort to Be Made to Straighten Out Financial Matters.

Chicago, March 31.—An effort will be made today to straighten out the tangle regarding the deposit which the local committee is said to have made to secure the Republican national convention for Chicago. So far no money has been deposited by the local committee. Samuel B. Raymond, chairman of the citizens' committee, said: "There never was a written agreement, and there never was any guarantee of a certain stipulated fund. All we agreed to do was to pay any legitimate expenses of the convention. That was our understanding with Senator Hanna and he understood it that way."

IOWA PRIMARY LAW KILLED.

State Senate Votes Down Measure by a Majority of Six.

Des Moines, Ia., March 31.—The state senate Wednesday killed the Crossley primary election law, by a vote of 25 to 19. The bill had been heralded as the most important piece of legislation to come before the present session.

Mohler Succeeds Burt.

San Francisco, March 31.—The appointment of A. L. Mohler, president of the Oregon Navigation and Railway company, to succeed H. E. Burt as president of the Union Pacific road, was announced Tuesday in the offices of the Union Pacific in this city. Mr. Mohler will make his headquarters in Omaha.

TELEGRAPHIC BREVITIES.

Lawrence Back, a young man living at Adel, Ia., was accidentally drowned there Sunday evening by falling into Coon river.

King Leopold of Belgium is going to make public a reply to the allegations made by missionaries regarding conditions in the Congo Free State.

Postmaster General Payne rested very comfortably Sunday and sat up for some time. He is gradually getting stronger, but is not yet able to leave Washington.

Returns from a majority of the counties of Arkansas show that Governor Jeff Davis has probably carried enough counties to give him the Democratic nomination for a third term.

Miss Mary Coyne, whose parents reside in Minneapolis, was frozen to death on her homestead near Fohall, N. D., during the terrible blizzard which raged there last week.

Two boys found the frozen body of Oliver A. Punizza in the woods near Randolph and Clinton avenues, St. Paul, Sunday. He had committed suicide months ago from despondency.

TELEGRAPHIC BREVITIES.

Five more arrests were made by the military at Telluride, Colo., Monday.

It is rumored in Alexandria that the khedive of Egypt intends to visit the St. Louis exposition.

The Most Rev. Pedro Rafael Gonzales Calisto, archbishop of Quito, Ecuador, died Sunday night.

Colonel James H. Agen was nominated for mayor of Superior, Wis., by the Republican city convention.

Abe Attel was given the decision over Aurelio Herrera Monday night at the end of a six-round fight at Chicago.

Leroy Carpenter and Albert Merwin were drowned in the Angulaire river, twelve miles south of Defiance, O., Monday.

Joe Gans of Baltimore was given the decision in a ten-round bout with Gus Gardner at Saginaw, Mich., for the lightweight championship.

Mrs. James A. Vanderlinden of Appleton, Wis., after a search of forty-three years for her mother, has learned that her parent lives at Schuykill, Pa.

Colonel Hiram Henry F. Carpenter, an inventor of electrical devices, died in New York city Monday night of Bright's disease. He was one of the survivors of the famous Iron Brigade of the Union army in the Civil war.

Now is the time to clean house—clean your system first, drive out the microbes of winter with Hollister's Rocky Mountain Tea. It will keep you well all summer. 35 cents. Tea or tablet form H. P
